

CAPABILITIES STATEMENT

OUR ORIGINS_

We are an Agile-fluent crew of programmers, engineers, and developers who have spent the last decade translating real-world needs into digital solutions that are intuitive, sustainable, and imbued with humanity.

COMPETENCIES_

- ✔ **Technical Product Development + Strategy**
Engaging in collaborative work with agencies to define strategies and build adaptable digital products that meet user and business needs.
- ✔ **OpenAPI Development**
Crafting OpenAPI standard systems that are well-documented, prioritize the end-user, and make human experiences easier.
- ✔ **DevOps + Cloud Management**
Building efficient applications and opening up new productivity frontiers with automation, remote monitoring, and scalability.
- ✔ **Legacy Systems Modernization**
Transforming legacy applications into future-proof systems through reassessing features, restructuring data, and redefining workflow.
- ✔ **Multi Platform Software Development**
Engineering platform agnostic applications that ensure universal software experiences across a diverse and growing user base

DIFFERENTIATORS_

- 01** Human-Centered Adaptable Design
- 02** Open Source Work Philosophy
- 03** Diverse Teams Work Better

PAST PERFORMANCE_

- VA.gov:** Modernization Efforts
- VA Diffusion Marketplace:** System and Software Development, Infrastructure Architecture
- CDC ReportStream:** UI development, API development
- Harbor Rail Services:** API Development, Modernization Efforts
- COAST Autonomous:** Cloud Hosting, Infrastructure Development

COMPANY DATA_

DUNS: 117080315
CAGE: 8DDB4

Woman-Owned Small Business (WOSB)
Economically Disadvantaged Woman-Owned Small Business (EDWOSB)
